## **California Capital Airshow Announces Dates and Exciting Featured Performer for 2024 Airshow**

*Airshow Will Return to Mather Airport in Sacramento July 2024*

MATHER, Calif. – California Capital Airshow today announced its 18th annual Airshow will take place at Mather Airport in Sacramento on July 13 and 14, 2024. The event will mark the return of the Airshow’s one-of-a-kind evening performances, which feature four hours of non-stop professionally narrated aerial performances with aircraft from all over the world and a choreographed pyro-musical fireworks show.

The event’s headline performer will be world-renowned jet team Frecce Tricolori, the aerobatic demonstration team of the Italian Air Force. The team consists of 10 high-flying MB-339A/PAN aircraft, making Frecce Tricolori the Guinness World Record holder of the most jet aircraft in a military aerobatic display team. The Airshow is moving its traditional Fall event to July, to be a part of the team’s first North American tour in more than 30 years.

“This is the only Airshow on the West Coast where aviation enthusiasts can experience the Italian Jet Team’s full performance next year,” said Darcy Brewer, Executive Director of California Capital Airshow. “We are incredibly honored to welcome Frecce Tricolori to Sacramento, and we are thrilled for the return of the Airshow’s night show which will feature more pyrotechnics, performers, and excitement than ever before.”

The July 2024 Airshow performer lineup features many other of the world’s best military and civilian pilots. More information will be released in the coming months.
